

## **ECNDT 2023 Conference Proceedings**

### **COPYRIGHT ASSIGNMENT**

**Our reference:**

**Title of paper:**

**Author(s):** List authors in the order names appear on the manuscript)

Please ensure that you and your Co-authors have read and understood the accompanying notes before signing.

[Where the copyright is held by a number of joint Authors, the senior Author may sign on behalf of Co-Authors who are not readily available provided that he or she has obtained consent from such Co-Authors for the copyright to be assigned to the Publisher.]

Where copyright is not owned by the Author(s), eg where an article was written by an Author in the course of his or her employment, the Author(s) should ensure that British Crown Copyright (for example) and other rights are reserved, but should obtain a non-exclusive licence to publish the paper and non-exclusive permission to deal with requests from third parties on the understanding that the senior Author and the employer will be asked to approve the proposed use.

I/we certify that I/we own(s) the copyright in the above-mentioned article, which has not been published elsewhere including the Internet, and is not under consideration for publication elsewhere, and of which the copyright has not previously been assigned.

**If the article is accepted for publication in the Conference Proceedings, then I/we:**

- (i) assign(s) the present and/or future copyright in this article, throughout the world in any form and in any language, to the Publisher.
- (ii) agree(s) that the Publisher may seek payment of fees from corporate bodies or individuals for the privilege of making copies of the article from the conventional printed form or from articles stored electronically, e.g. by document-delivery services
- (iii) agree(s) to indemnify the Publisher in respect of claims made against it by third party for copyright infringement related to publication of the article, or concerning the Authorship of the article or rights to publish the article.
- (iv) agree(s) to license their work under a Creative Commons CC-BY-NC licence\* allowing others to distribute, remix, tweak and build upon the work, as long as this is done not for commercial gain and credit is given for the original creation.
